Est Est Est Montefiascone 21,00

FALESCO • LAZIO

The name of this wine comes from a legend, according to which in the year 1111 Henry V of Germany was on his way to Rome with his army to receive, from Pope Pasquale II, the crown of Emperor of the Holy Roman Empire. Also in his retinue was a bishop, Johannes Defuk, a wine connoisseur. To satisfy this passion of his for discovering new flavors, Bishop Defuk sent his cupbearer Martin ahead of him on the road to Rome to taste and choose the best wines at each place they passed. The two had agreed on a code signal: if Martin found good wine at an inn, he was to write "Est" (a Latin word), short for "est bonum," meaning "there is good wine," near the inn's door. If the wine was particularly good, he should have written "Est Est." Once the servant arrived in Montefiascone and tasted the local wine, he noticed its exceptional quality, and to communicate this, he decided to repeat the agreed signal three times and reinforce the message with as many as six exclamation points: "Est! Est!!! Est!!!!"
